

## Let's Make Thanksgiving Hand Turkeys

Your little hands are so cute we could gobble, gobble them up! Instead, let's get out the crayons and colored pencils and turn those hands into Thanksgiving turkeys. It's so easy and fun, and when you're done, you'll have a gaggle of beautiful hand turkeys you can give to all your favorite people — with a few words of gratitude for their friendship and love.

## Happy Thanksgiving!
